TABLE OF CONTENTS xi

SYMPOSIUM ON TROPICAL STORED-PRODUCT ENTOMOLOGY

The Identification of Season and Place of Maximum Grain Loss - G. H. Caswell 14.

Traditional Practices as a Basis for the Improvement of On-farm Stored Product Preservation in Tropical Africa - W. H. Boshoff 17.

Insect Problems in Storage and Control Techniques Under Indian Conditions - G. K. Girish 22.

The Role of the Nigerian Stored Products Research Institute in Storage and Protection of Tropical Products - S. A. Adesuyi 23.

Loss Assessment Methodology - The Current Situation - R. A. Boxall, P. S. Tyler, and P. F. Prevett 29.

Tropical Storage Entomology by the End of the Twentieth Century - T. Ajibola Taylor 37.

Ecology and the Integrated Control Approach Under Tropical Conditions - C. P. F. De Lima 44.

Losses Caused to Stored Products by Insect Pests in Pakistan and Measures for their Control - Hafiz Abdul Qayyum 49.

SYMPOSIUM ON BIOLOGY, ECOLOGY AND INTEGRATED CONTROL

Application of Pheromones and Behavior-Modifying Techniques in Detection and Control of Stored Product Insects - Wendell E. Burkholder 56.

Integrated Manipulation of Storage Insects by Pheromones and Food Attractants - H. Z. Levinson and A. R. Levinson 66.

Ecological Aspects of Control of a Stored Product Insect by Ozonation - Howard E. Erdman 75.

The Biology and Impact of the Predatory Bug *Xylocoris flavipes* (Reuter) - Richard T. Arbogast 91.

A Controlling Effect of a Juvenile Hormone Analogue on *Ephestia cautella* (Wlk.) by Non-direct Application - M. Gonen and A. Schwartz 106.

PANEL SESSION ON BIOLOGY, ECOLOGY AND INTEGRATED CONTROL

SYMPOSIUM AND PANEL ON PESTICIDES, OTHER CHEMICAL, TOXICITY AND INSECT RESISTANCE

Attitudes and Prospects for Use of Chemicals in Protecting World Food Supplies - J. T. Snelson 116.

The Residual Behavior of Chemicals on Stored Grain - J. M. Desmarchelier and M. Bengston 138.
A Review of U.S. Research on In-transit Shipboard Fumigation of Grain - Robert Davis and H. B. Gillenwater 152.
Pesticide Resistance and Its Current Significance in Control of Pests of Stored Products - B. R. Champ 159.
Limiting Considerations for Fumigation Efficiency in the Control of Insect Pests - C. H. Bell 182.
Analysis of Formulations and Residues - Some Current Considerations - J. M. Desmarchelier 193.

SYMPOSIUM ON RADIATION AND OTHER NON-CHEMICAL MEANS OF INSECT CONTROL
Recent Advances in the Use of Modified Atmospheres for Stored Product Pest Control - H. J. Banks 198.
Current Status of Irradiation for Use in Insect Control - E. W. Tilton 218.
The Potential of Fluidized-bed Techniques in Insect Control - D. E. Evans and T. Dermott 222.
The Use of Electromagnetic Energy to Detect Hidden Insect Infestation - W. A. Bruce and M. W. Street 230.
A Review of the Use of Physical Storage Procedures in East Africa: Aspects for Improvement and Extension - C. P. F. De Lima 237.

PANEL SESSION ON RADIATION AND OTHER NON-CHEMICAL MEANS OF INSECT CONTROL
Potential and Limitations of the Use of Low Temperatures to Prevent Insect Damage in Stored Grain - Robert B. Mills 244.
Large-Scale Trials on the Use of Controlled Atmospheres for the Control of Stored Grain Insects - S. Navarro, M. Gonen, and A. Schwartz 260.
The Effects of UV Radiation on Stored-Product Insects - W. A. Bruce and P. T. M. Lum 271.
Potential of Accelerated Electrons for Insect Control in Stored Grain - F. L. Watters 278.

PANEL ON MICRO-ORGANISMS AND RODENTS IN STORAGE
The Role of Fungi in the Deterioration of Tropical Stored Products - J. O. Oyeniran 288.
The Deterioration of Commercial Maize (*Zea mays*) by Insects and Fungi - Matt. F. Ivbijaro 309.

FIRST SESSION OF SUBMITTED PAPERS
The Problems of Insect Infestation of Stored Dried Yam Chips in Nigeria - S. A. Adesuyi 314.
Effect of Tricalcium Phosphate on *Tyrophagus putrescentiae* (Schr.) (Acari: Acaridae) - Jan Boczek and Stanislaw Ignatowicz 320.

An Unusual Mortality of *Sitophilus zeamais* Mots. Caused by *Sitotroga cerealella* (Oliv.) in Mixed Laboratory Cultures - J. N. Ayertey 328.
The Development of Two Kola Weevils, *Sophrorhinus gbanjaensis* D & T and *Balanogastris kolae* (Desbr.) on Wild Kola, *Cola gigantea* Chev. - Ajibola M. Daramola 338.
Non-uniform Application of Grain Protectants in Commercial Storages - T. G. Amos, P. Williams, and W. Minett 344.
The Ovipositional Response of the Cigarette Beetle to Temperature and to Selected Odors - L. W. Fletcher, L. C. Garrett, and D. P. Childs 350.

SECOND SESSION OF SUBMITTED PAPERS

Regulation of the Bean Weevil Reproduction (*Acanthoscelides obectus* Coleoptera Bruchidae) and Research on Techniques of Protection of Stored Beans - Jacques Huignard 360.
Selection of Suitable Food to be Used as Bait for Rodent Control in Jamaica - D. B. Jayasingh and K. R. Walker 372.
The Importance of Phycitines on Imports to Britain in Relation to Their Biology - P. D. Cox 380.
The Prevention of Insect Infestation in Stored Dates - T. J. McCallum-Deighton and Ala-Ud-Din Daoud Ali 396.
Microencapsulated Pesticides - A Novel Control Release System for Insect Control - Joseph Simkin 404.

THIRD SESSION OF SUBMITTED PAPERS

Selection of New Insecticides for Use in Maize Storage at the Farmer's Level in Nigeria - S. A. Adesuyi 406.
Solar/Wind Energy to Cool Tobacco Storages for Insect Control - D. P. Childs, L. W. Fletcher, F. A. Iachetta, J. T. Beard, and R. D. Flack 412.
Methacrifos - A New Insecticide for Grain Protection - A. Renfer, R. Wyniger, F. Knüsel, and W. Gfeller 419.
Controlling Insect Pests of Stored Tobacco by Reducing Their Reproductive Potential - M. Arthur Manzelli 432.
Sex Ratio Agent in *Cadra cautella* (Walker) -- Its Expression by Temperature, Genetics, and Mass Production of the Virgin Female Moths for Sex Pheromone Study - Fumiki Takahashi 437.
