

VOLUMES CONTENT

VOLUME I

Preface
Avant Propos
Volumes Content

TABLE OF CONTENT VOLUME I

Session 1 - Biology and Physiology of Insects and Mites.

Session 2 - Storage Microflora and Mycotoxins.

Session 3 - Chemical Control Methods.

Workshop 1 - Microbiology of wet Grain in airtight Structures.

Workshop 2 - Insecticide Residues in Grain before Processing; Detection and Regulations.

Workshop 3 - Evaluation of different Means for Controlled and Modified Atmospheres Production.

AUTHOR INDEX VOLUME I

VOLUME II

TABLE OF CONTENT VOLUME II

Session 4 - Fumigation and Controlled Atmospheres.

Session 5 - Pesticide Resistance.

Session 6 - Environmental and Physical Control Methods.

Session 7 - Biological Control Methods.

Session 8 - Sampling and Surveying Method (1st Part).

TRAPPING WORKSHOP REPORT

AUTHOR INDEX VOLUME II

VOLUME III

TABLE OF CONTENT VOLUME III

Session 8 - Sampling and Surveying Methods (2nd Part)

Session 9 - Biology and Control of Rodents and Birds.

Session 10 - Stored-Product Protection in Warm Climates.

Session 11 - Storage Structures and Equipment Engineering.

Session 12 - Storage Technology and Sanitation in Food Industry.

Session 13 - Economics and Conservation General Problems.

Session 14 - Modelling in Grain Protection Management and Expert Systems.

TECHNICAL EXHIBITION : PARTICIPANTS LIST

AUTHOR INDEX VOLUME III
